

A note for Erica Melia and Emanuel D'Ambrosio Jr

Prepared for Luxe Realty of Massachusetts, Winchester · September 16, 2026

WHO WE ARE

We are a small operational support studio. Real estate is not new to us, we built the website, content, and AI systems behind Real Cavalry, a San Antonio brokerage, ran a two-year marketing partnership with a Texas real estate investment firm, and built the email and CRM systems behind a real estate closing company. That is the same work we would bring here: the content, the follow-up, and the systems that keep a pipeline warm between closings.

WHAT WE NOTICED ABOUT ERICA MELIA AND EMANUEL D'AMBROSIO JR

You are already doing real things well:

- A rare pairing: Emanuel's more than 40 years as a broker in contracts, negotiation and local regulation, alongside Erica's background as an advertising executive in data analytics and investment strategy.
- A focused brokerage built around buyer representation.

Where we see the fastest room to grow:

- The website footer still reads 2021, which quietly tells a visitor the site has not been touched in five years.
- There is no blog and no email signup, so neither 40 years of negotiation experience nor a data-driven view of the market is anywhere a buyer can find it.

WHAT WE WOULD DO FIRST

Put Erica's data background to work on a short monthly Winchester buyer note, backed by Emanuel's negotiation experience, with a simple signup. Then update the site so it looks as current as the advice.

THE SIMPLEST NEXT STEP

A short call, no pitch deck required, just to see if this is a fit. You can also see exactly how we work, and the real estate systems we have already built, at balaynibruno.co/real-estate-agent-marketing.html.
