

A note for John Bratton

Prepared for John Bratton, Kerrville Real Estate Company, Kerrville · September 16, 2026

WHO WE ARE

We are a small operational support studio. Real estate is not new to us, we built the website, content, and AI systems behind Real Cavalry, a San Antonio brokerage, ran a two-year marketing partnership with a Texas real estate investment firm, and built the email and CRM systems behind a real estate closing company. That is the same work we would bring here: the content, the follow-up, and the systems that keep a pipeline warm between closings.

WHAT WE NOTICED ABOUT JOHN BRATTON

You are already doing real things well:

- Locally owned and operated, serving Kerrville since 2006, built on dedication, excellence and accountability.
- A firm the community recommends by name, which is the kind of trust twenty years of local work earns.

Where we see the fastest room to grow:

- There is no blog or market content on kerrvillerealestatecompany.com, so buyers researching Kerrville and the Hill Country from out of state find nothing of yours to read.
- People relocating to the Hill Country usually research for months, and right now the site gives them no reason to come back.

WHAT WE WOULD DO FIRST

Add a small set of guides on buying in and around Kerrville with a simple signup for a monthly market note. Twenty years of local knowledge is exactly what out-of-state buyers are searching for.

THE SIMPLEST NEXT STEP

A short call, no pitch deck required, just to see if this is a fit. You can also see exactly how we work, and the real estate systems we have already built, at balaynibruno.co/real-estate-agent-marketing.html.
