

# A note for Peter Pirani and Julie Wile Fish

## WHO WE ARE

We are a small operational support studio. Real estate is not new to us, we built the website, content, and AI systems behind Real Cavalry, a San Antonio brokerage, ran a two-year marketing partnership with a Texas real estate investment firm, and built the email and CRM systems behind a real estate closing company. That is the same work we would bring here: the content, the follow-up, and the systems that keep a pipeline warm between closings.

## WHAT WE NOTICED ABOUT PETER PIRANI AND JULIE WILE FISH

You are already doing real things well:

- More than 275 million dollars in sales together, and an average 99.6% list to sale ratio over the past decade. That is a remarkable record.
- Peter has been Winchester's go-to agent for more than 15 years, across Winchester and the towns north of Boston.

Where we see the fastest room to grow:

- The Blog link on your site goes to YouTube rather than to written content on [piraniwilefish.com](https://piraniwilefish.com), so none of your expertise on value lives on your own site where search can find it.
- There is no email signup, so the sellers most interested in a 99.6% list to sale record have no way to hear from you until they are ready to list.

## WHAT WE WOULD DO FIRST

Turn that sales record into content: a short monthly Winchester note on what homes actually sold for against list, with a signup behind it. No one else in town can write that with your numbers.

## THE SIMPLEST NEXT STEP

A short call, no pitch deck required, just to see if this is a fit. You can also see exactly how we work, and the real estate systems we have already built, at [balaynibruno.co/real-estate-agent-marketing.html](https://balaynibruno.co/real-estate-agent-marketing.html).
