

A note for Cove Canyon Realty

Prepared for Cove Canyon Realty, Laguna Beach · September 16, 2026

WHO WE ARE

We are a small operational support studio. Real estate is not new to us, we built the website, content, and AI systems behind Real Cavalry, a San Antonio brokerage, ran a two-year marketing partnership with a Texas real estate investment firm, and built the email and CRM systems behind a real estate closing company. That is the same work we would bring here: the content, the follow-up, and the systems that keep a pipeline warm between closings.

WHAT WE NOTICED ABOUT COVE CANYON REALTY

You are already doing real things well:

- An independent brokerage on Forest Avenue in Laguna Beach, led by Dave Csira, who has closed more than 400 complex transactions since 2005 after co-founding and running operations at a 2.5 billion dollar technology company.
- A real writing voice. The blog runs to 32 pages of archive, and posts like Happy Enchilada, built around a John Prine lyric, sound like a person rather than a template.

Where we see the fastest room to grow:

- The writing has almost stopped. Of the four newest posts on the blog, the fourth is a first half 2021 against first half 2020 market comparison, so only three posts have gone up in the years since.
- You already collect newsletter signups on the site, but without new writing those subscribers have very little of yours to receive.

WHAT WE WOULD DO FIRST

Pick the voice back up with one short Laguna Beach market note a month, in the same plain style, and send it to the list you already collect. The archive shows the hard part, having something to say, was never the problem.

THE SIMPLEST NEXT STEP

A short call, no pitch deck required, just to see if this is a fit. You can also see exactly how we work, and the real estate systems we have already built, at balaynibruno.co/real-estate-agent-marketing.html.
