

A note for Curtis Real Estate Company

Prepared for Richard Curtis, Curtis Real Estate Company, Annapolis · September 16, 2026

WHO WE ARE

We are a small operational support studio. Real estate is not new to us, we built the website, content, and AI systems behind Real Cavalry, a San Antonio brokerage, ran a two-year marketing partnership with a Texas real estate investment firm, and built the email and CRM systems behind a real estate closing company. That is the same work we would bring here: the content, the follow-up, and the systems that keep a pipeline warm between closings.

WHAT WE NOTICED ABOUT CURTIS REAL ESTATE COMPANY

You are already doing real things well:

- A privately owned, independent brokerage in historic Annapolis with a team of more than twenty agents, and offices serving South County, North Beach and the Eastern Shore.
- A clear position as the face of concierge real estate, featured by Annapolis Home Magazine, guiding clients from house preparation to the new home.

Where we see the fastest room to grow:

- The newest item on the Press page is from August 10, 2023, and there is no blog, so the Chesapeake knowledge your team has is not anywhere on the site.
- The About page says Curtis Real Estate South opened in North Beach early this year, without a year, so a visitor cannot tell how current it is. There is also no newsletter signup, only a contact form.

WHAT WE WOULD DO FIRST

Give the concierge promise a voice: a short monthly Chesapeake Bay market note from Richard and the team, with a simple signup, and a quick refresh of the About copy so it reads as current. With twenty agents, one note a month is very achievable.

THE SIMPLEST NEXT STEP

A short call, no pitch deck required, just to see if this is a fit. You can also see exactly how we work, and the real estate systems we have already built, at balaynibruno.co/real-estate-agent-marketing.html.
