

A note for Julie Carnevale

Prepared for Julie Carnevale, North Landing Realty, Huntington · September 15, 2026

WHO WE ARE

We are a small operational support studio. Real estate is not new to us, we built the website, content, and AI systems behind Real Cavalry, a San Antonio brokerage, ran a two-year marketing partnership with a Texas real estate investment firm, and built the email and CRM systems behind a real estate closing company. That is the same work we would bring here: the content, the follow-up, and the systems that keep a pipeline warm between closings.

WHAT WE NOTICED ABOUT JULIE CARNEVALE

You are already doing real things well:

- You founded North Landing Realty in 1983 and have stayed a non-franchised independent broker ever since. More than forty years of Huntington Township with your own name on the door.
- A real specialism in fine North Shore and waterfront homes, which is exactly where buyers do the most research before they commit.

Where we see the fastest room to grow:

- huntington2000.com has no blog or market content. The site even carries a useful tide chart, which shows how well you know the waterfront, but nothing that turns that knowledge into something a buyer can find and read.
- There is no email signup, so a waterfront buyer researching Centerport or Huntington Bay months ahead has no way to stay in touch until they are ready.

WHAT WE WOULD DO FIRST

Write what you already know about the waterfront. A short series on buying on the water in Huntington Township, with a simple signup underneath, would bring you exactly the buyers your specialism is built for.

THE SIMPLEST NEXT STEP

A short call, no pitch deck required, just to see if this is a fit. You can also see exactly how we work, and the real estate systems we have already built, at balaynibruno.co/real-estate-agent-marketing.html.
