

# A note for Mara Navaretta

## WHO WE ARE

We are a small operational support studio. Real estate is not new to us, we built the website, content, and AI systems behind Real Cavalry, a San Antonio brokerage, ran a two-year marketing partnership with a Texas real estate investment firm, and built the email and CRM systems behind a real estate closing company. That is the same work we would bring here: the content, the follow-up, and the systems that keep a pipeline warm between closings.

## WHAT WE NOTICED ABOUT MARA NAVARETTA

You are already doing real things well:

- Practising Long Island real estate since 1997 and running your own firm since 2010. That is nearly thirty years of knowing the North Shore house by house.
- A focused patch you can actually own: Syosset, Woodbury, Jericho, Muttontown, East Norwich, Oyster Bay and Oyster Bay Cove.

Where we see the fastest room to grow:

- There is no blog or market content on homesbymara.com, so none of that local knowledge is anywhere a buyer searching for those towns could find it.
- There is no email signup either. Most North Shore buyers watch a market for months before they call, and right now nothing keeps them close to you while they do.

## WHAT WE WOULD DO FIRST

Put your knowledge of those seven towns into a short monthly North Shore market note with a simple signup behind it. The people already watching Syosset and Oyster Bay would start hearing from you long before they choose an agent.

## THE SIMPLEST NEXT STEP

A short call, no pitch deck required, just to see if this is a fit. You can also see exactly how we work, and the real estate systems we have already built, at [balaynibruno.co/real-estate-agent-marketing.html](https://balaynibruno.co/real-estate-agent-marketing.html).
