

A note for Katie McFerrin

Prepared for Team Leader · September 2026

WHO WE ARE

We are a small operational support studio. Real estate is not new to us, we built the website, content, and AI systems behind Real Cavalry, a San Antonio brokerage, ran a two-year marketing partnership with a Texas real estate investment firm, and built the email and CRM systems behind a real estate closing company. We know the Boise market is competitive, and that is exactly where we want to help.

WHAT WE NOTICED ABOUT KATIE MCFERRIN

You are already doing real things well:

- A top producing Boise team at roughly 62 million in volume across 59 sides, ranked by RealTrends among Idaho's best small teams.
- You already run the pieces most agents skip: a blog, listing videos for homes from 3.15 to 5.6 million, and an email signup for market updates.

Where we see the fastest room to grow:

- The social links are Facebook, Instagram and Pinterest only, with no YouTube and no LinkedIn, so listing videos that cost real money to produce are not reaching the places buyers actually search for video.

WHAT WE WOULD DO FIRST

Put the listing videos where they get found. YouTube is the second largest search engine and those luxury walkthroughs are already made, so this is distribution, not new production.

THE SIMPLEST NEXT STEP

A short call, no pitch deck required, just to see if this is a fit. You can also see exactly how we work, and the real estate systems we have already built, at balaynibruno.co/real-estate-agent-marketing.html.
