

A note for Brandon Warner

Prepared for Agent · September 01, 2026

WHO WE ARE

We are a small operational support studio. Real estate is not new to us, we built the website, content, and AI systems behind Real Cavalry, a San Antonio brokerage, ran a two-year marketing partnership with a Texas real estate investment firm, and built the email and CRM systems behind a real estate closing company. We know the San Antonio market is competitive, and that is exactly where we want to help.

WHAT WE NOTICED ABOUT BRANDON WARNER

You are already doing real things well:

- You have a clear geographic specialty in the Bulverde area, that focus is exactly what makes local search work.

Where we see the fastest room to grow:

- No personal website or social media presence came up, the specialty is not backed by an online presence of your own yet.

WHAT WE WOULD DO FIRST

A simple local site built around Bulverde, so people searching that specific market actually find you first.

THE SIMPLEST NEXT STEP

A short call, no pitch deck required, just to see if this is a fit. You can also see exactly how we work, and the real estate systems we have already built, at balaynibruno.co/real-estate-agent-marketing.html.
