

A note for Lauren Schauer

Prepared for Lauren Schauer, Magnolia Realty, Round Rock · September 12, 2026

WHO WE ARE

We are a small operational support studio. Real estate is not new to us, we built the website, content, and AI systems behind Real Cavalry, a San Antonio brokerage, ran a two-year marketing partnership with a Texas real estate investment firm, and built the email and CRM systems behind a real estate closing company. That is the same work we would bring here: the content, the follow-up, and the systems that keep a pipeline warm between closings.

WHAT WE NOTICED ABOUT LAUREN SCHAUER

You are already doing real things well:

- You are on the Magnolia name, which is the rarest thing in this business: a brokerage brand that people outside real estate already recognise and already trust. Most agents spend years building a fraction of that recognition.
- Your own page is clear and easy to act on. The contact routes work, the consent language is handled properly, and nothing gets in the way of somebody who has decided to reach out.

Where we see the fastest room to grow:

- There is no email signup anywhere on your page. Every visitor who is six months from moving, which is most of them, leaves with no way for you to stay in front of them until they are ready.
- The Magnolia blog that your page links to has not been updated since 1 October 2025. So the one piece of content marketing attached to your name is nearly a year cold, and it is not even yours to fix.

WHAT WE WOULD DO FIRST

Give you something to own rather than something you borrow. A short monthly Round Rock market note under your own name, with a simple signup behind it, so the Magnolia brand brings people in and your own list is what keeps them. The brand is doing the hard half already.

THE SIMPLEST NEXT STEP

A short call, no pitch deck required, just to see if this is a fit. You can also see exactly how we work, and the real estate systems we have already built, at balaynibruno.co/real-estate-agent-marketing.html.
