

A note for Rose Real Estate

Prepared for Bonnie Rose, Rose Real Estate, Dripping Springs · September 16, 2026

WHO WE ARE

We are a small operational support studio. Real estate is not new to us, we built the website, content, and AI systems behind Real Cavalry, a San Antonio brokerage, ran a two-year marketing partnership with a Texas real estate investment firm, and built the email and CRM systems behind a real estate closing company. That is the same work we would bring here: the content, the follow-up, and the systems that keep a pipeline warm between closings.

WHAT WE NOTICED ABOUT ROSE REAL ESTATE

You are already doing real things well:

- Founded in Dripping Springs in 1986 by Mike and Bonnie Rose, with Bonnie's real estate experience going back to the mid 1970s.
- A genuine specialist in Hill Country land, lots, farms and ranches as well as homes, serving local, national and international clients.

Where we see the fastest room to grow:

- The News and Market Statistics section used to carry an annual Central Texas housing report. The newest one, the 2023 report, went up on February 1, 2024, and there has been no 2024 or 2025 report since. The post before it was from January 2020.
- There is no email signup on the site, so the buyers researching Hill Country land from out of state have no way to receive that report even when it exists.

WHAT WE WOULD DO FIRST

Bring back the annual Central Texas market report, add a short quarterly land update in between, and put a signup beside it. Forty years of Hill Country knowledge is exactly what a land buyer from another state is looking for.

THE SIMPLEST NEXT STEP

A short call, no pitch deck required, just to see if this is a fit. You can also see exactly how we work, and the real estate systems we have already built, at balaynibruno.co/real-estate-agent-marketing.html.
