

A note for Solid Realty Group

Prepared for Jessica Johnson, Solid Realty Group, Boerne · September 16, 2026

WHO WE ARE

We are a small operational support studio. Real estate is not new to us, we built the website, content, and AI systems behind Real Cavalry, a San Antonio brokerage, ran a two-year marketing partnership with a Texas real estate investment firm, and built the email and CRM systems behind a real estate closing company. That is the same work we would bring here: the content, the follow-up, and the systems that keep a pipeline warm between closings.

WHAT WE NOTICED ABOUT SOLID REALTY GROUP

You are already doing real things well:

- A full service Boerne brokerage covering Boerne, Comfort, Fair Oaks, Helotes, Kerrville, Medina and San Antonio.
- You built something most brokerages never do: The Real Estate of Texas radio show and podcast, more than 200 episodes, with guests like the City of Boerne and local lenders. That is real local authority.

Where we see the fastest room to grow:

- The newest episode listed on your podcast page is from September 10, 2022, and the newest blog post is October 3, 2024. Both channels have gone quiet.
- You already collect signups on the site, so there is a list waiting, but nothing new is going out to it.

WHAT WE WOULD DO FIRST

Turn the podcast back into a steady stream without restarting the show: one short written Boerne market note a month, drawn from the kind of conversations the episodes already had, sent to the list you collect. The archive of 200 episodes is material most agents would pay for.

THE SIMPLEST NEXT STEP

A short call, no pitch deck required, just to see if this is a fit. You can also see exactly how we work, and the real estate systems we have already built, at balaynibruno.co/real-estate-agent-marketing.html.
