

A note for Myke Leatham

Prepared for Myke Leatham, College Station Homes, Brazos County · September 14, 2026

WHO WE ARE

We are a small operational support studio. Real estate is not new to us, we built the website, content, and AI systems behind Real Cavalry, a San Antonio brokerage, ran a two-year marketing partnership with a Texas real estate investment firm, and built the email and CRM systems behind a real estate closing company. That is the same work we would bring here: the content, the follow-up, and the systems that keep a pipeline warm between closings.

WHAT WE NOTICED ABOUT MYKE LEATHAM

You are already doing real things well:

- The blog was genuinely local in a way few agents manage: city council meetings, the February freeze warnings, the Brazos Valley preparedness fair. Writing for neighbours, not search engines.
- The site clearly positions you as the resource for College Station and BCS real estate.

Where we see the fastest room to grow:

- The newest blog post is 13 October 2022. Nearly four years of silence, while every new arrival to Aggieland searches the questions you used to answer.
- There is no email capture on the homepage, so someone relocating for a job or an A&M posting has no way to stay in touch until they are ready to call.

WHAT WE WOULD DO FIRST

Pick the community writing back up and put a simple signup under it. A monthly Brazos County note gives every relocating family a reason to hear from you long before they choose an agent.

THE SIMPLEST NEXT STEP

A short call, no pitch deck required, just to see if this is a fit. You can also see exactly how we work, and the real estate systems we have already built, at balaynibruno.co/real-estate-agent-marketing.html.
